2023 Client Corporate Tax Organizer and Business Questionnaire

Intake/Interview & Quality Review Sheet

As always, we have been staying current on the latest tax law changes so we can keep you informed on how these changes will affect your business. And it is our desire to help you identify where these changes will benefit and assist you in keeping your business compliant. This questionnaire is for our clients to make filing your federal tax return filing requirement an easier process for both our client and their tax preparer. It is important the your preparer is fully aware of the events that occurred over the last year so we need you to carefully complete all of the questions in this tax questionnaire and bring all documentation with you to your appointment.

We have created this in a fillable form format. You can download [Adobe Reader](#) (click the Adobe Reader link to find this software online) to use this fillable form if you do not currently have software on your computer to use this form. As you are working on the questionnaire position your curser over each field for additional instructions, if needed. If you are still unsure about a question in this questionnaire then mark it with a "?" in the note field each question so your tax preparer can review it with you. Some software does not allow you to save this form so be sure to print a copy before closing the form.

Thank you in advance, for taking the time to fill out the questionnaire and please let us know if you have any suggestions to make this an easier process next year.
